optimail™ DIGITAL POSTAGE SYSTEM

The **optimail™** system with optional accessories — 10 lb. **flexiscale™** and space-saving scale stand.

With optional scales up to 150 lbs., the **optimail™** can provide U.S. postal rates for packages and provide the option of international rates!

KEY ADVANTAGES

AUTOMATIC DATE SETTING

Eliminates the daily chore of updating the meter date. The **optimail™** automatically does it for you.

INCOMING TIME/DATE STAMP

Mark your company's incoming mail for better tracking of receipt.

SEMI-AUTOMATIC FEEDING

This convenient feature allows you to maximize your time and increase your productivity.

THERMAL TRANSFER PRINTING

No more smearing or messy ink rub-off using the **optimail™**. Thermal transfer printing ensures that the last image will be as crisp and clear as the first. Gets up to 1,600 consistent images per cassette and works on any type of media.

CUSTOM MESSAGES

With the push of just one button, every letter you process can print your company name, a product name, or any promotional message using the advanced digital memory feature. Stores up to nine advertisements.

DEPARTMENTAL ACCOUNTING

Monitor your postage expenses in nine areas of your business with this function.

QUICK AND EASY POSTAGE RELOAD

teleset™, the postage resetting system developed by FP, utilizes direct modem communication from the meter to our secure processing center. Reloading postage with **teleset™** is an automatic process that takes less than one minute on the **optimail™**.

Call your FP representative today to order your **optimail™** Digital Postage System and ask about our family of mailing systems and solutions.

When you have questions, we have solutions.

Our commitment to fast, attentive customer service is just one of the reasons why we're the fastest-growing USPS-approved mailing systems vendor in the US.
