Introducing the DP 155A

Explore your options...DP 155A has arrived!

The DP 155A automatic mailing machine is a low to mid volume mailing system that process letters and flats at speeds of up to 155LPM. With its small footprint and rugged construction it is clearly the best solution for your mailing needs. Options for the DP 155A are a 25lb or a 70lb scale, Included is unlimited accounting and job reporting, operator reporting, presort reporting, full International mail manual with customs forms printing, e-certified forms printing with 3877 firm mailer book.

The DP 155A allows your mail to qualify for the commercial rate discount program saving you .95 cents per piece on priority mail with free electronic delivery confirmation, savings of up to 2.05 per piece of international mail and e-Certified with a savings of up to 1.15 per piece on certified mail. Calculating the number of pieces of these types of mail you process per month may allow you to cost justify the entire monthly lease cost.

The DP 155A has ink costs that are up to 50% less than the competitor's solutions. The DP 155A utilizes a PC and sets postage through a high speed internet connection.

With a small footprint all steel construction and built in PC, the DP 155A is truly Americas Better Choice.
